Work Experience

MyMenopauseRx

Designer | Remote | Mar 2020 - Current

Worked with a developer to design a website, patient portal, and provider EMR for a new digital telemedicine platform.

Materialize Graphics

Founder | Remote | 2014 - Current

Created visual identities, logo systems, websites (from scratch w/ a dev, website builders, and Wordpress), business collateral, and developed content strategy for multiple startups and companies.

Design Science

Associate Designer | Philadelphia, PA | May - Aug. 2019

Worked alongside the human factors and recruiting teams to design instructions for use for new healthcare products, heuristic research presentations, and marketing materials.

Madog, Sculpted Fabrication, LLC

Lead Designer | Syracuse, NY | May 2018 - Aug 2019.

Created and managed content strategy, branding, and website. Conducted market research and formed meaningful partnerships with local businesses.

C&S Companies

3D Printing Intern | Syracuse, NY | Jul. - Aug. 2018

Modeled, reconstructed, and 3D printed Revit and Rhino files for client presentations.

SU Design Works

Shop Technician | Syracuse, NY | Oct. 2016 - Apr. 2019

Assisted students in building personal or school projects. Taught students how to use shop machinery, ran laser cuts, 3D prints, and plot lab.
